TOWN WARRANT

THE STATE OF NEW HAMPSHIRE

(L. S.)

To the Inhabitants of the Town of Sandown in the County of Rockingham in said State, qualified to vote in Town Affairs:

You are hereby notified to meet at Town Hall in said Sandown on Tuesday, the tenth day of March, next at one of the clock in the afternoon, to act upon the following subjects:

1. To choose all necessary Town Officers for the year ensuing.
2. To raise such sums of money as may be necessary to defray town charges for the ensuing year and make appropriations of the same.
3. Shall the provisions of Chapter 171A of the Revised Laws relative to playing games of Beano, be adopted in this town.
4. To see if the town will vote to authorize the selectmen to borrow money in anticipation of taxes.
5. To see if the town will vote to authorize the selectmen to administer or dispose of, at public or private sale, property taken through Tax Collector's Deeds.
6. To see if the town will vote to accept Town Road Aid, State to contribute \$2397.52, Town to raise and appropriate \$359.63.

7. To see if the town will vote to raise and appropriate \$400.00 for the control of White Pine Blister Rust, in cooperation with the State Forestry and Recreation Department.

8. To see if the town will vote to raise and appropriate \$2600.00 for Black Topping One mile of the Fremont Road starting at Route 121A.

9. To see if the town will vote to raise and appropriate \$2100.00 for replacing the Willow Bridge (so called) on the Hampstead Road.

10. To see if the town will vote to authorize the selectmen to sell the Gallion Pony Grader.

11. To act on any other town business that may legally come before said meeting.

Given under our hands and seal this twelfth day of February, in the year of our Lord nineteen hundred and fifty three.

Charles B. French
James L. Paine
Selectmen of Sandown

Marjorie A. Holmes, Treasurer

REPORT OF THE FIRE DEPARTMENT

During the year the Fire Department handled ten calls; one Chimney Fire, three Building Fires, one Oil Burnner Fire, three Grass and Wood Fires, one Load of hay on Fire, one call from Warner Hill Lookout Station to investigate smoke. This includes one fire handled by the Angle Pond department.

Twice posted the Town when the State banned the woods.

Issued 29 written permits to Kindle Fires. If you find it necessary to do out door burning anytime except when there is snow on the ground be sure to get a permit.

At the last Town Meeting it was voted to adopt the "Regulations on Oil Burners and Oil Storage" as printed in the 1951 Town Report.

I believe this inspection is resulting in more care of this equipment by our citizens with a resulting reduction in the chance of fire.

The easiest fire to handle and the fire that causes the least damage is the fire we prevent.

Bernard A. Love, Chief Forest Fire Warden

REPORT OF SANDOWN HEALTH OFFICER

All of us are interested in our own Health and the Health of the Community and it is the earnest desire of the Health Officer that as much as possible be done to keep the inhabitants informed as to the duties required by the State Health Department of yours truly and what each and everyone can do to help carry out these requirements, therefore, the following is a parcel of the diseases we are required to report weekly:

When chicken pox, German measles, mumps or whooping cough are present in a community, the most pratical procedure for the pro-

tection of school children is for the school doctor, nurse or teacher to inspect daily such school children as are known or suspected to have been exposed. This inspection should be the first school activity of the day. Children presenting signs or symptoms leading to suspicion of communicable diseases should be sent home where they should remain until well. With the approval of the health officer, and of the school physician where there is one, the certificate of a regularly registered physician may be accepted as evidence of freedom from the disease.

If exposure to the above diseases have been at the school, or if the disease is prevalent in the community, the exclusion from school of children who have been exposed, but show no evidence of illness is not likely to diminish the incidence of the disease in the school or community.

Sneezing, a newly wet or running nose, red or watery eyes, sensitiveness to light, sore or inflamed throat, cough, headache, vomiting, malaise, fever or rash should be looked upon as signs and symptoms leading to suspicion of communicable disease.

Children who live long distances from school should be accorded special protection. The close contact involved in transportation of such children to school and the difficulties involved in returning such children home, if found to be ill, calls for the closest cooperation between home and school. Parents should keep such children at home if they show any sign of illness. Teachers should be careful to exclude such children from school if they appear to be in danger of developing a communicable disease.

In the event that no school exposure has occurred, it may be desirable for children exposed to the first case of measles or whooping cough in the community to be excluded from school without waiting for development of signs or symptoms of illness.

DISEASES REPORTABLE TO LOCAL HEALTH OFFICERS

Anthrax, botulism, chicken pox, cholera, Asiatic, dog bite, diphtheria, dysentery, amebic and bacillary, encephalitis, infectious, lethargic and nonlethargic, epidemic or streptococcus, (septic) sore throat, food poisoning, (multiple cases) German measles, glanders, leprosy, malaria, measles, meningococcus meningitis, mumps, paratyphoid fever, plague, pneumonia, (all forms) polimyelitis, (infantile paralysis) psittacosis, rabies, Rocky Mountain spotted fever, scarlet fever, smallpox, tetanus, trachoma, trichinosis, tularemia, typhoid fever, typhus, undulant fever, Vincent's angina, whooping cough, yellow fever.

We have not experienced any great amount of the above diseases in my term as Health Officer and for those of You that have assisted me in any way please accept my Thanks and let's hope that Our Record continues as such.

Yours for a Healthier and Happy 1953

Ernest C. Pillsbury
Health Officer.

SCHOOL WARRANT
THE STATE OF NEW HAMPSHIRE

To the Inhabitants of the School district in the town of Sandown qualified to vote in district affairs:

You are hereby notified to meet at the Town Hall in said district on the sixth day of March, 1953 at eight o'clock in the evening to act upon the following subjects:

1. To choose a Moderator for the coming year.
2. To choose a Clerk for the ensuing year.
3. To choose a Member of the School Board for the ensuing three years.
4. To choose a Treasurer for the ensuing year.
5. To determine and appoint the salaries of the School Board and Truant Officer, and fix the compensation of any other officers or agents of the district.
6. To hear the reports of Agents, Auditors, Committees, or Officers chosen, and pass any vote relating thereto.
7. To choose Agents, Auditors, and Committees in relation to any subject embraced in this warrant.
8. To see what sum of money the district will raise and appropriate for the support of schools, for the salaries of school district officials and agents, and for the payment of statutory obligations of the district, and to authorize the application against said appropriation of such sums as are estimated to be received from the state equalization fund together with other income; the school board to certify to the selectmen the balance between the estimated revenue and the appropriation, which balance is to be raised by taxes by the town.
9. To see if the district will vote to raise and appropriate the sum of \$1,500 to be held in a capital reserve fund for the purpose of building a new consolidated school, and pass any vote relating thereto.

10. To transact any other business which may legally come before this meeting.

Given under our hands at said Sandown this twenty-ninth day of January, 1953.

Marguerite F. Drowne
Charles W. Clark
Nellie K. Geisser,
Members of Sandown
School Board

SUPERINTENDENT'S REPORT

To the School Board and Citizens of Sandown :

It gives me pleasure to submit this my third annual report as your Superintendent of Schools.

Sandown's schools opened in September with a total enrollment of 58 pupils; Pine School 32 and Clark School 26. This comprises an increase of 5 pupils over those of a year previous and brings both buildings to a crowded condition. Any increase from now on will be adding to an already serious condition.

In view of the preceding paragraph, it is encouraging to see that Sandown has a Building Committee that is meeting and is actively trying to find a logical solution to the housing problem.

This report is accompanied by a page devoted to Return of District Revenue, which shows the actual budget that the school district is using for the current year 1952-53. It is to the credit of the citizens and school board of Sandown that you are willing to provide your schools with the best available instructional materials.

In these days of increased numbers of consolidated schools, it is becoming more and more difficult to procure teachers for the small one room buildings. Sandown has indeed been fortunate in having teachers familiar with the multiple grade set-up and it is to the credit of the school board that they are doing everything in their power to maintain the present staff of teachers.

Teachers

Mrs. Ruth Holmes K.T.C. to replace Mrs. Martha Guinesso in the Pine School. Mrs. Holmes comes to us with five years teaching experience and has proven to be a fine addition to your teaching staff.

Miss Rosemary Leombruno, Boston Conservatory of Music "52" to replace Miss Anne-Marie O'Shea who resigned to marry. Miss Leombruno's music training lends itself very well to the type of varied program needed in our small schools.

Mr. John Scanlan, UNH "46" with advanced work in Guidance at Boston University as Director of Guidance for Supervisory Union 14. Mr. Scanlan holds a Special Degree in Guidance from Boston University and is getting the program off to a fine start.

Testing and Guidance

Under the direction of Mr. Scanlan, the testing program has become still more meaningful and worthwhile. He is especially trained in

the administration and interpretation of testing materials and has been working closely with teachers and pupils in the development of a sound guidance program.

Repairs and Replacement

The installation of sinks in both schools has been a step forward in safeguarding the health and health habits of the young people. The painting of the interior in both schools has added materially toward giving the young people and teachers a pleasant environment in which to work.

I would recommend that more playground equipment be provided both schools.

Hot Lunch

The hot lunch program under the direction of Mrs. Nellie Geiser, deserves credit for her effort in preparing ample food for approximately fifty children at home and seeing that it is distributed to the two schools through the efforts of the teachers, the lunches are served in the schools under conditions that could not be called advantageous.

Sandown is indeed fortunate that a class "A" program that meets state requirements can be made available to their children and it is my hope that the citizens will give it their full cooperation.

Dental Clinic

Through the cooperation of Dr. Shirley Dyer of the State Dept. of Health, your Superintendent was able to procure a dental technician who made it possible for all school children to have their teeth cleaned and fluoridized. This was done at no cost to the child of school district.

The services of the Mobile Dental Unit can be had if a group of citizens or organizations would volunteer to pay the board and room of the dentist during the school week. Such a project would make it possible for the children of Sandown to have necessary dental work done at no cost to the parent or school district. I sincerely hope Sandown will not have to miss such an opportunity.

In closing, I wish to thank the school board for their cooperation and express my appreciation to all concerned for the friendly spirit they have shown.

Respectfully submitted,
Louis L. Ramsay, Supt.

HEALTH SUPERVISION

To the Superintendent and School Board, Citizens of Sandown:

The physical examinations were completed early in the year with as many corrections made as possible. Along with the physical ob-

servation of the children, a health education program was also conducted. Health education is the key to effective school and community action for improved health. Much group education goes on informally in relation to day by day living at school.

In cooperation with the Dental Department of the State Board of Health ninety-five percent of the children received cleanings and four fluorine treatments. It is hoped that this will prevent or lessen tooth decay. Arrangements are under way to have the Dental Mobile to move into Sandown in the near future. This will provide dental care such as fillings and extractions for the children who need it.

This town is extremely fortunate in being able to conduct such an efficient hot lunch program as it does. Those who sponsor and carry it on are to be highly commended.

I would like to take this opportunity to thank all who have made my work so pleasant. Their help, interest and cooperation is deeply appreciated.

GUIDANCE DIRECTOR'S REPORT

To the Superintendent of Schools, Members of the School Board and Citizens of Sandown:

It gives me great pleasure to present my first annual report as Director of Guidance.

In these first few months a good start has been made in laying the foundation for a high grade program of guidance services for the pupils in grades one through 8. Under the supervision of Mr. Ramsay and working with the help and advice of Mr. Radasch, New Hampshire State Director of Guidance, the University of New Hampshire Guidance Department, and the Boston University Guidance Dept., short term and long term objectives for the program were formulated.

A survey was made during the first week in September during which time the teachers in all grades were seen and asked in what way the guidance program could best meet the needs of their pupils. After this information was tabulated and analyzed, we set up our objectives.

The first objective for these early months was to set up an individual inventory for each pupil in the 8th grade. These pupils are faced with an immediate and important choice in their planning for a career, and more than any grade these pupils need guidance immediately. An individual inventory is an inventory of the pupil's assets and liabilities in the physical, mental, social, emotional, and spiritual areas of life. Over the years, this will be a record of his or her growth in these areas as well as a very specific and analytical record of his growth in the educational skills. An important part of the inventory is the results of the University of New Hampshire battery of tests covering ability, interests, aptitudes, and personality. This first objective has been accomplished.

Using the inventory as a basis we are now in the process of counseling and guiding these 8th grade students in their next step, their choice of an occupation for which they will start preparing in their four years of high school work.

In the process of the carrying through of this part of the program, 15 visits have been made to the schools. Each of the 8th grade pupils has been counseled individually at least twice. Each of these students will be counseled individually at least twice more before June, or as many more times as is necessary in order that it is certain as we can make it that he or she is making the proper choice.

It is necessary that these pupils should know what they can expect in their chosen occupation as far as the kind and amount of training necessary, personal requirements, aptitudes, special abilities required, salary, opportunities for advancement, etc. is concerned. This information will be given them.

An occupational information file is being set up. At the present time information on approximately 1100 different jobs is available. This file will be expanded to cover every possible need. We will make use, too, of the facilities of the State Library in Concord.

The University of New Hampshire tests have been given. These standardized tests compare our pupils with thousands of other pupils in the same grade in the United States. Five 8th grade students were tested on twenty-one different attributes of personality. These tests are of immeasurable value in guiding students into the proper educational and vocational fields. Four 4th grade pupils and nine 6th grade

pupils were tested on ten attributes of personality and growth in twenty-six educational skills. The attributes scores are valuable in diagnosing for the guidance of these pupils and the growth in educational skills in which the pupil needs more help. Two individual tests were given to pupils upon whom certain specific information was needed so that factors which were slowing down their progress might be brought to light and rectified.

Before the year is completed, the 8th grade students will be given a short intensive course in "Choosing A Career." In other words, they will be given every possible aid so that they will be pointed toward the position for which their abilities, aptitudes, and personality fit them.

A study of our graduates and drop-outs will be made in order to evaluate the success of our school training and the guidance program. When the 8th grade students have been properly served by the guidance program an individual inventory will be set up for each pupil in each grade, starting with the first. This inventory will follow the child from grade to grade. At present our testing program starts in at the 4th grade. We would like to extend this down to the first grade.

A very important part of any guidance program is the help which a counselor can give to those pupils who are not adjusting well to the school and who are not making the progress of which they are capable. Through tests and counseling interviews, it is very often possible to find the reasons for the pupil's poor progress and to help him, or her, so that they may be happier in school and able to take advantage of its benefits. The success other guidance programs have had in this particular area have been quite remarkable. Sandown's students are being helped in this way.

An adult education course in the training of children and the proper handling of their problems has been given in February and another will follow in the spring, if there is a call. When school closes in June, the facilities of the guidance office will be available to the out-of-school members of the community. It is hoped that many adults will take advantage of its testing, counseling, and consultation services.

I feel that we have made an excellent start and look forward to great accomplishments in the remainder of this year and next.

Respectfully submitted,

John A. Scanlan,

Director of Guidance

December 22nd
Good Friday

REPORT OF MUSIC TEACHER

To the Superintendent and School Board, Citizens of Sandown:

More than one hundred years ago, when music was first introduced in the public schools, the main accent in education was on the three R's.

Today, so much has been added to the elementary and secondary school curriculum; health, physical education, art, reading, arithmetic, science, thrift, character education, safety, dramatics, good citizenship, social studies and last but not least; music.

The aims of every music teacher are to obtain an appreciation and love of good music leading to the cultural development on the part of the child and to train the child in habits of concentration and thinking. We want all our children to love good music, to be intel-

ligent when they sing or play or listen to music and we want each boy and girl to be given abundant opportunity for learning to sing or play or listen in accordance with the dictates of his inclination and capacity as an individual.

Music is primarily a group activity and is accomplished through songs, rhythms, records, games, folk dancing, rhythm bands and tonette groups of which all the children have participated in and enjoyed. We have experimented with square dancing in the first and second grades and found them to be done successfully and needless to say, the children have enjoyed them as much as their rhythm bands.

I feel that the music program in our schools, is running along very good lines, but couldn't be accomplished without the aid, help and encouragement received from the teachers, parents and students and so my sincere thanks to you all.

Respectfully submitted,

Rosemary A. Leombruno,
Music Supervisor
